

A true story by Galen and Marjorie Kessler

GOD'S MIRACLE MAIL

In January of 1977 while attending a World Evangelism Crusade in Birmingham, Alabama, a man by the name of Raymond White came to me and told me that the Lord had laid it on his heart to pray for my wife and me while traveling as Crusade Coordinators for World Evangelism. I thanked him and didn't think much more about it until about eight weeks later while staying at the First Assembly of God Church in Indianapolis, Indiana, where Rev. Tom Paino was the pastor (now Lakeview Temple). We were there to make arrangements for the greater Indianapolis World Evangelism Crusade.

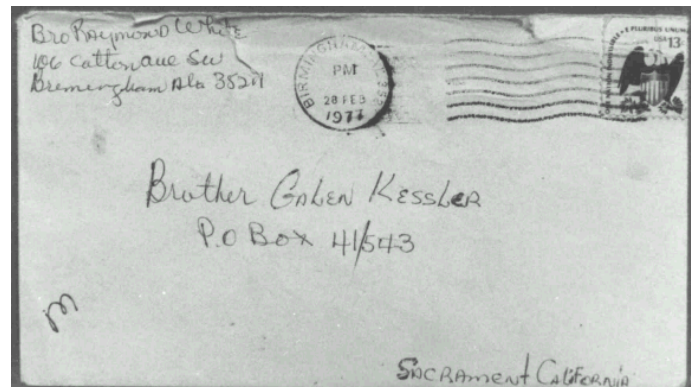

One day during the first week of our assignment our mail was brought to us. Among the various pieces of mail was a letter from Raymond White in Birmingham, Alabama. Our mailing address was P.O. Box 41, Lawrenceville, Georgia 30245. Evidently he had lost our mailing address, but remembered parts of it. Also, he knew that the World Evangelism was located somewhere in California. At that time the World Evangelism offices were in San Diego, California. All of our mail came to us either directly or was forwarded from World Evangelism, 700 Mercury Street, San Diego, California, or forwarded from our Georgia Post Office Box. Therefore he addressed the envelope: Brother Galen Kessler, P.O. Box 41/543, Sacramento, California.

We asked the person who brought us the mail how this letter got to the church; the response was "I don't know."

"We believe that this letter could not have made its way from Birmingham, Alabama, to Indianapolis, Indiana, without Divine intervention. Whether it was delivered directly to the church by an angel of the Lord or super-naturally directed by the Spirit of God through the U.S. Postal System, we believe it was God's response to Raymond White's short, simple, sincere prayer of faith..."

"MAY THE LORD WATCH."
We have tried without success to locate Mr. White to obtain his testimony concerning this letter.

"All I know is that it was in the church's mail for you."

We read the letter and continued to wonder how this could have happened. Then, as my wife was putting the letter back into the envelope, she said, "Here is the answer to our question." She showed me the words which were written on the back of the envelope...MAY THE LORD WATCH. Then we understood how this letter with only three of the five zip code numbers, which were out of sequence, and addressed to the wrong city in the wrong state had been delivered to us."

Another indication to us that this letter was directed by the Lord is that it had no markings on it from the Post Office such as "No Such Number" or "Undeliverable As Addressed."
